

Want to gain experience working with children in a fun and engaging environment?

Wider World is a **Bristol charity** helping children develop mind-set and character strengths through stimulating enrichment experiences. We work with children aged **8 to 12yrs** whose families **cannot afford the out-of-school enrichment activities that many take for granted**. We offer a varied range of enrichment activities, encompassing the worlds of science, the arts, history, nature and sport. Examples of our trips include rock climbing, museums, and Bristol Zoo. Each programme is designed to support children to build a set of core skills and character strengths that research has proven to be critical to success in life. Examples include teamwork, curiosity and resilience.

We are seeking trip mentors to guide the children throughout the programmes, helping them record their progress and reflect on their experiences on a one-to-one basis.

Our enrichment programmes currently run over 6 month periods throughout the year. Ideally volunteers will be expected to commit to **a minimum of 10 days over the course of the year**. Days start at approximately 8.30am and finish at approximately 4.30pm.

We are also looking for long-term volunteers. Even If you have partial availability **please get in contact** to register your interest and we will contact you in the future about new dates and programmes.

If you would like to receive a volunteer application pack, or have any questions regarding the role, email jonathan.hope@wider-world.org.uk or phone **07779086892**. We look forward to hearing from you.
